

THE EVENING BULLETIN.

VOLUME XVI.

MAYSVILLE, KY., WEDNESDAY, OCTOBER 27, 1897.

NUMBER 287.

SHOT FROM AMBUSH.

Cowardly Attack on a Christian Minister.

HIS LEFT LUNG PENETRATED.

Enemies Had Threatened to Kill Him, Owing to Trouble With Some of His Congregation—Bank Closed—Oil Drillers Strike a Vein of Coal—Death of the Oldest Postmaster—Other Ohio News.

MARIETTA, O., Oct. 27.—Archimedes Calvert, florist and truck gardener, was shot from ambush Monday evening at 5 o'clock, a quarter of a mile from his home, at a spring, where he was loading water onto a sled, by a unknown party, hidden 50 yards away.

A rifle ball entered his right shoulder and penetrated the left lung. Calvert crawled on the sled, called to the horses to start and was hauled across the pasture to the barnyard in an unconscious condition. He was found by his wife and daughter.

Calvert formerly preached at the Christian church, and a feud grew out of his ordering a member of the congregation not to walk across his flower bed. Enemies threatened to kill him and he had a permit to carry a revolver for defense.

Bank Closed.

COSHOCTON, O., Oct. 27.—The Farmers' bank, one of the oldest and most substantial business institutions in the city has gone into the hands of a receiver. This is the result of a disagreement between the trustees of the estate of John P. Peck, late president of the bank, who died a few weeks ago, as to the management of the concern. George A. Hay was appointed receiver and will close up the affairs of the bank. Creditors will lose nothing as the bank is perfectly solvent and backed by a large amount of capital.

Oil Men Find Coal.

SALINEVILLE, O., Oct. 27.—Eastern capitalists have leased several thousand acres of land about three miles northwest of this city, and have begun boring for oil. Experts say that all indications point to the presence of oil in large quantities in that region. A vein of coal almost seven feet in thickness and of a very fine quality has been struck at a depth of 180 feet, which is a fortune in itself.

Death of the Oldest Postmaster.

POWHATAN, O., Oct. 27.—Michael Dorsey, aged 98, died at this place yesterday. He claimed he was the oldest living postmaster, having served in 1835 under President Andrew Jackson. He was appointed postmaster at Denvers Mills, O., and before his death he denied the truth of the claims of others who aspired to the distinction of being the oldest postmaster.

Got Off Easy.

POMEROY, O., Oct. 27.—Silas R. Wandling, who shot and killed his mother, Diana Wandling, aged 79, May 22, pleaded guilty yesterday to manslaughter. He was indicted for murder in the second degree, but the state accepted a lower degree to save a long and expensive trial. He has not been sentenced.

Will Go After the Doctors.

COLUMBUS, O., Oct. 27.—The new medical law has been sustained. The supreme court passed upon the test case of Dr. Edson France of this city yesterday. The state board of medical registration will now go after all doctors practicing without license, as it has been waiting to get the outcome of this test case.

Fire From a Defective Fuse.

TIFFIN, O., Oct. 27.—Fire destroyed the farmhouse owned by Michael Clouse, a short distance north of town, at an early hour yesterday and Mr. Clouse and his family escaped in their night clothes. The fire started from a defective fuse and was discovered by passersby. Loss about \$1,000 and fully insured.

Escaped From a Burning Building.

RAVENNA, O., Oct. 27.—Following the burning of W. J. Hayes' stock barn with a loss of \$20,000 Monday night, the home of A. Wick was leveled yesterday morning with all the contents. When Mr. and Mrs. Wick awoke the fire was so far advanced that it was with difficulty that they escaped.

Farmer Drops Dead.

PIQUA, O., Oct. 27.—David Furlong, a prominent farmer, who resided at Pleasant Hill, went to Troy yesterday and while in a clothing store dropped dead. Apoplexy is given as the cause. Deceased was aged 65 years.

Bonemeal Factory Burned.

POMEROY, O., Oct. 27.—Last night the big bonemeal factory at the lower end of Middleport, belonging to L. O. Talbot, was consumed by fire. The loss is heavy, with little insurance.

Killed by Falling Slate.

MARIETTA, O., Oct. 27.—Abie Best, unmarried, was killed by falling slate at Haybron's mines, Broadwell, yesterday. His neck was broken.

KILLED HIS DOG.

Then Shot the Master After Trespassing Upon His Premises.

BUENA VISTA, Ky., Oct. 27.—Word reaches this place of the serious wounding by Frank Morgan of Miner Hodge, a prominent merchant and lumber dealer of Churn creek. Mr. Hodge had

a Newfoundland dog by which he set much store. Young Morgan shot and killed the dog. He then impudently went hunting on Mr. Hodge's farm. Mr. Hodge ordered him off, but he refused to go. Hodge telling him he would take out a warrant for him, young Morgan replied he would have to do it d. q., drew his shotgun and fired. Mr. Hodge was hit in the breast, arm and head, but it is thought he will recover. Morgan fled.

SPAIN'S REPLY KEPT SECRET.

Minister Woodford Has Received It, but Declines to Discuss It.

MADRID, Oct. 27.—The Spanish government refuses to furnish for publication the text of the note of Spain which has been handed to the United States minister here, General Stewart L. Woodford, as an answer to the communication which the general placed in the hands of the Duke of Tetuan early in September last.

The United States minister admits having received Spain's reply to the note of the United States, but he declines to discuss the matter, beyond saying that the text of the Spanish answer will be immediately transmitted to Washington.

Although the government of Spain will not give out the text of its reply to the United States on the subject of Cuba, it was officially announced that the reply of the Spanish minister for foreign affairs, Senor Cullon, is on the following lines:

It expresses regret at the fact that the insurrection in Cuba "receives support from frequent American filibustering expeditions," and that otherwise the rebellion in Cuba would possibly not exist.

It is hoped by the Spanish government that by granting autonomy to Cuba and the withdrawing of American support of the insurgents the insurrection will shortly be ended. It is further officially announced that the Spanish note is marked throughout by an energetic tone.

No Dispatch From Minister Woodford.

WASHINGTON, Oct. 27.—At the state department it is stated officially that no cable word has come as yet from General Woodford. The officials do not express any fear of serious complications. They are of the opinion that when Spain's answer is received it will be moderate and conciliatory.

POLICEMAN SHOT.

He Caught a Burglar Robbing the Poor Box in a Church.

NEW YORK, Oct. 27.—Policeman Frederick Smith of the East Fiftieth Street station, was shot and killed this morning in the Church of the Holy Redeemer, Third street between Avenues A and B, by a burglar, who was robbing the poor box. He was caught and gave the name of Fritz Mayer, 45 years old, no home.

The murdered policeman was so near the burglar that his face was badly burned by the powder. The bullet, which was of .38-caliber, passed through the jaw and came out at the back of the head.

When the crowd, which soon grew to large proportions learned that was Smith shot, they made an attempt to lynch the prisoner. Fifteen policemen had all they could do to land their man safely in the station. He was hit on the head with stones and clubs by several people in the crowd.

DEED OF A DEMON.

Jealous Man Shoots His Wife and Child and Escapes.

BRAZIL, Ind., Oct. 27.—Insane jealousy caused Newton Kemper, 30, to shoot and fatally wound his young wife and seriously injure his 4-year-old daughter, Emma. He claimed that his wife loved a young man named Peter Burns, and that she showed him too much courtesy.

Her friendly conduct to Burns enraged Kemper, and he secured a revolver yesterday and deliberately shot his wife through the left breast, inflicting a fatal wound. He then fired at his daughter, sending a bullet through her right arm.

Kemper lives in Donaldsonville, two miles east of here, and before the officers could reach the scene of the shooting he escaped to a large woods, where he is being hunted by officers and many citizens.

Insurance Man Missing.

WASHINGTON, Ind., Oct. 27.—The strange disappearance of Samuel Mattingly, the real estate and insurance man, is still unexplained. He is said to be indebted to an Indianapolis insurance company and building and loan association in the sum of \$150, but this small indebtedness would not cause his mysterious disappearance. Besides, he left \$182 in his private depository in the safe in Hoffman & Mattingly's law office and \$43 in the bank. His friends now fear foul play.

Sealing Their Father's Fate.

LAPORTE, Ind., Oct. 27.—The Pinkerton murder trial, wherein Charles Pinkerton is charged with killing his son-in-law, had a dramatic climax yesterday. The own son and daughter of Pinkerton, crying piteously, went on the witness stand and gave evidence which, if not controverted, will result in the death penalty being meted out to their father.

Badly Broken in a Fall.

TERRER HAUTE, Ind., Oct. 27.—Paul Bagnaz, who fell from a hay loft into a bin of broken bottles last Friday, died yesterday. His injuries were something horrible. His back was broken, his nose and lips cut away, and great holes were punctured in his face,

BLIZZARD OUT WEST

Heavy Snowstorm in Colorado and Nebraska.

VAST AMOUNT OF DAMAGE DONE.

Railroad Traffic Suspended and Telegraph and Telephone Wires Are Prostrated—The Storm Came on So Sudden That People Were Not Prepared For It and Great Suffering Will Result.

DENVER, Oct. 27.—A severe snowstorm accompanied by a high wind from the north began here Monday night and has continued with increased fury ever since. Wires are generally down to the west and south and railroad trains are much delayed. In this city many telegraph, telephone and electric light poles have broken down and shade trees have been badly damaged.

Aside from the tremendous inconvenience caused to the public and to private interests, the storm has wrought an intrinsic damage in the city of Denver and its suburbs that is conservatively estimated to be in excess of \$100,000. Of course, should the storm continue several days, this amount will multiply many times. The estimate of damage includes only the semi-public concerns, such as the electric light, telephone, telegraph and street car companies. It is to the wires and poles that the greatest harm has been done. City Electrician Stern said that probably 1,000 poles were down in Denver alone, and upward of 4,000 miles of wires.

General Manager Field of the Colorado Telephone company estimated the present damage to its system at \$20,000. It would be greater, he said, but for the fact that in the central portion of the city the company had recently placed many of its wires underground.

With the exception of the Rock Island, the Kansas Pacific, the Colorado Central and the Julesburg and South Park branches of the Gulf road, railroads leading into Denver are completely blocked. Snow plows have been brought into active service on all lines, but the tracks became covered with snow again soon after they were cleared. The storm was most severe, and the greatest trouble was experienced by the railroads between Denver and Pueblo.

All freight trains have been annulled to enable the roads to handle passengers without any more delay than is absolutely necessary.

Railroad reports showed that the storm was general throughout the eastern half and a section of the northern part of this state, the southern part of Wyoming, the northeastern part of Utah and the western halves of Nebraska and Kansas.

A message from Colorado Springs stated that the snow and sleet were blowing so furiously there that it was impossible to see across the street.

The storm came so suddenly that ranchmen did not have an opportunity to shelter their stock, but the fall in temperature is not considered by experts great enough to endanger the lives of cattle.

The city was in darkness last night as the mayor compelled the electric light company to cut off all its circuits on account of their dangerous condition.

CRIPPLE CREEK REPORT.

Blizzard Raging and Snow Drifting in a Blinding Storm.

CRIPPLE CREEK, Colo., Oct. 27.—Not in years has there been such a blizzard here as that which prevails at the present time. High winds that come in streaks like waves of a typhoon are drifting the snow that sidewalks in places are almost impassable. Traffic on railroads is suspended, and telephone wires are down. Canons are choked with snow and it is impossible to see 100 feet on account of the blinding storm.

Considerable damage to property has occurred. Mining operations are seriously impeded by the storm, which has been raging 24 hours, and continues furiously with no sign of abatement soon. The weather is very cold and it is feared there will be great suffering among the poor.

Nebraska and South Dakota.

OMAHA, Oct. 27.—The warmest month of October ever experienced by white men in this region is closing in a blizzard. Rain began falling in western Nebraska and South Dakota Monday night, turning to snow, and continuing ever since. Dispatches from Valentine are to the effect that heavy snow has fallen there, while in the western end of the state the railways are having trouble in moving trains. Snow has fallen in the Black Hills and in central South Dakota cold rains have put a stop to threshing.

HURRICANE ABATED.

Still Squalls Are Blowing Along the Middle Atlantic Coast.

PHILADELPHIA, Oct. 27.—While the northeast hurricane on the middle Atlantic coast has abated in fury, sharp squalls are still blowing around the Delaware capes, and enormous tides are reported all along the bay and river.

The list of maritime casualties grows larger as further details of the gale's havoc are received. The Italian bark Francesco R, which sailed from this port Oct. 18 for Oporto, went to pieces at Fourteen Foot bank, 80 miles below the city.

The vessel's master, Captain Calivano, and 11 of the crew of 12 men reached this city after a day and night of thrilling escapes from death.

TWENTY LIVES WERE LOST.

Two More Bodies Recovered From the Hudson River.

GARRISONS, N. Y., Oct. 27.—Twenty lives are now known to have been lost in Sunday's accident on the New York Central railroad and 18 bodies have been found. The body of an unknown man was recovered yesterday as well as that of the fireman. The day coach of the ill-fated train was raised yesterday and in it was found a victim not hitherto included in the list of dead. The engine was also brought to the surface and with it the body of Fireman John Q. Tompkins tightly wedged between two masses of iron.

The unknown victim was that of a man 35 years of age, dark, with a dark, short mustache. He was dressed in a gray woolen shirt, dark blue vest and trousers, a black necktie and yellow socks. The shoes had been removed and so had the coat, and it was evident that the man had been sleeping when death came. In one of the pockets of the vest was a wallet, containing six \$10 bills, a \$2 bill and a Casualty Insurance company ticket, such as is sold at railroad stations. It was made out for the usual sum of \$2,500 in case of death, but very curiously the name, or rather the last names of both payer and beneficiary, was missing. The card read, so far as could be deciphered, "Ike R." as the purchaser's name and "Mrs. E." as the person to whom it was to be paid. The railroad officials are of the opinion that the man boarded the train at Rochester.

The contents of the car, other than the body, showed that the people had made a rush for their lives. There were women's shoes and hats, six men's hats, a woman's coat, eight gripsacks of various kinds, two men's coats and many small garments.

Another interesting event of the day was the raising of the express car, from which it was alleged that a large sum of money had been lost by the dropping to the river bottom of a small safe. General Superintendent Van Valkenburgh of the American Express company was present and examined the car and found that nothing had been lost except a small package of jewelry.

The fact that the front tracks of the engine are yet in the river precludes any possibility of determining whether a broken truck caused the accident.

Superintendent McCoy of the New York Central said that the story told by a section boss to the effect that he had left the road because of its unsafe condition was a falsehood and that the man who told it had been discharged for drunkenness. Mr. McCoy also denied the statement that the roadbed at the scene of the accident was known to be in bad shape.

One Thousand Miners on a Strike.

BOULDER, Colo., Oct. 27.—All of the coal miners of Boulder county are out on a strike. It is said that at one of the mines in Lafayette the managers reduced the wages of the machine men 10 cents a ton. Word was sent to all the mines in the district to close down and the order was obeyed. The strike is said to affect about 1,000 miners. A number of gold and silver mines in the mountains will have to close down on account of the strike. An effort will be made to have the matter compromised as soon as possible.

Result of a Wrestling Match.

INDIANAPOLIS, Oct. 27.—Dan McLeod won the championship of the world at heavyweight catch-as-catch-can wrestling last night from "Farmer" Burns before an audience of 1,500 people at the Grand Opera House. He took the first and third falls in 23 and 17 1-2 minutes respectively, Burns winning the second in 37 minutes. Tom Jenkins of Cleveland and Evan Lewis of Wisconsin challenged McLeod at the match. The match was for \$1,000 a side and 7 per cent of the receipts.

Passenger Train Wrecked.

BLUEFIELDS, W. Va., Oct. 27.—Norfolk and Western passenger train No. 12, from Columbus, O., to Norfolk, Va., was wrecked near Welch yesterday afternoon. The engine, mail car and baggage car went down an embankment about 12 feet, turning over on their sides. Engineer A. J. Mays was killed and Fireman Frank Biggs had his right hand cut off. Mail Clerk Bowles was slightly injured. No passengers were hurt. The accident was caused by a broken rail.

Crimes of a Drunken Man.

GORHAM, N. J., Oct. 27.—Thomas Monahan, while crazed with drink, yesterday shot Joseph Gauthier, an employee of the Grand Trunk railroad, killing him instantly. Monahan also shot Seligman Gales of Gorham, probably fatally injuring him. Later another body was found, which, it is believed, is that of the third victim of Monahan's fury. The murderer was arrested.

Two Killed and Five Injured.

OREGON CITY, Or., Oct. 27.—Jacob McComb and George Storich were killed and five others injured in an accident at the power station of the Portland General Electric company at noon yesterday. Ten men were working on a bulkhead when the timber gave way from the pressure of water. McComb, Storich and five others were crushed under the timbers. Three escaped uninjured.

Captain Hudson Dead.

SOMERSET, Ky., Oct. 27.—Captain William Hudson, a former resident of this place, died at Rich Hill, Mo., Oct. 23, and his remains were shipped here for burial. He was a captain in the Twelfth Kentucky during the late war. He and his wife visited the world's fair together, and had the distinction of being the latest couple there.

GERMS FLYING ROUND

Yellow Fever Getting Beyond Control in New Orleans.

THE HEALTH OFFICIALS BAFFLED.

Seven Deaths and Fifty-Nine New Cases. Seven New Cases in Memphis—One Death and Ten New Cases at Montgomery—Same Report From Bay St. Louis. Reports From Other Infected Places.

NEW ORLEANS, Oct. 27.—The half century mark of new cases of yellow fever was again passed during the last 24 hours and seven deaths were added to the already long list. Total new cases reported, 59; total cases of yellow fever to date, 1,269; total deaths from yellow fever to date, 145; total cases absolutely recovered, 637; total cases under treatment, 487.

The new cases were developed from various sections of the city. There is no longer any attempt to establish foci. Cases appear where there has never been fever before, and the doctors say simply that the germs are flying around and that cases are not to be restricted by municipal or geographic boundaries. This is the record of deaths and new cases:

DEATHS.

John Cook.
James Bolger.
Rosa Roth.
John Ramos.
Joseph Gravet.
W. F. Faham.
William A. Cannell.

NEW CASES.

Hyman Rothstein, Miss Julia Newman, Miss Adeline Rothkugel, Miss Marie Langlois, May Hergender, Alphonse Barcher, John Francisco, Rosa Roth, Anna Pelle, Ruby Pelle, Theodore Pelle, May Thatcher, John McCartney, —Planche, Anna Hart, William Hart, Henry Hart, Miss Clara Dinkel, John Ramos, Jacob Frey, I. T. Moody, Helen O'Meara, Alfred Danziger, Rev. Father Blenk, Rev. Father Dempsey, Sallie Fleetwood, Joes Shamranx, Mrs. Wilmuth, Walter Allen, Mrs. Alphonse Perrot, Philip Vivini, James Sexton, S. W. Jirette, —Melli, Katie Cannell, —Agronsky, Galone E. Wight, Lilly Neuberger, Florence Meyers, Sister M. Anthony Fleck, Samuel Oaks, —Miller, Mary Pendergast, Henry Falls, Frank Hertz, A. Bonnocchi, Louise Pedalohose, Fred Marie, John Ujenny, Albert Barilas, John Barilas, —Thomas, Blanchard Kiern, Clement Stewart.

SITUATION AT MEMPHIS.

Seven New Cases and People Are Fleeing From the City.

MEMPHIS, Oct. 27.—The yellow fever record in this city for the past 24 hours is seven new cases, but no deaths. The new cases are: Mrs. S. E. Egner, Miss Ida Logario, Albert Logario, E. J. Hatch, W. R. Howard, Mrs. W. R. Howard and W. J. Hillhouse.

All of the new cases, with a single exception are in the southern part of the city where the original case was discovered.

More than a thousand people have left the city within the past 24 hours.

Dr. Thornton, president of the board of health, in an interview said that he does not anticipate an epidemic; in fact, he can see no cause for serious alarm.

A cold wave is predicted within 36 hours and the health officer believes that the disease has reached its worst stage so far as Memphis is concerned.

Dying Out in Mobile.

MOBILE, Oct. 27.—Three new cases of yellow fever were announced here, the smallest number since the first week of the appearance of the fever. The names are: Alice White, William E. Fincher and A. N. Smith. No deaths have occurred in Mobile proper in the past 96 hours. Total cases to date, 219; deaths, 28; recoveries, 127; under treatment, 34.

One Death and Ten New Cases.

BAY ST. LOUIS, Miss., Oct. 27.—Yellow fever is not dying out here. During the past 24 hours there has been one death, Edmond H. Anee, and 10 new cases, as follows: M. Toulme, Agnes Sheerges, Esther Fayard, M. B. Strong, Maggie Ansley, John Lorenzo, Brother Agapet, Daniel Doyle and a sister of the St. Josephine academy.

Slight Frost Reported.

MONTGOMERY, Ala., Oct. 27.—An official report on yellow fever from Selma says there are no new cases and there has been but one death. There was a light frost this morning.

Fourteen New Cases at Biloxi.

BILLOXI, Miss., Oct. 27.—The board of health reports: Yellow fever cases under treatment, 87; new cases, 14; total yellow fever cases to date, 541; total deaths to date, 21.

Three Deaths at Scranton.

SCRANTON, Miss., Oct. 27.—New cases, 12; deaths 3, as follows: Charles Gebro, formerly of Charlevoix, Mich.; William Bartholomew and William McKay.

One Death and One New Case.

McHENRY, Miss., Oct. 27.—Mr. Hardee has just died of the yellow fever and Wesley Osman has been stricken with the disease.

Doctors Differ.

OPELOUSAS, La., Oct. 27.—There is considerable fever in Opelousas, but a difference of opinion exists among the physicians as to the nature of it.
